WEBSITE UPDATE FROM THE MASTER

From Steve Ross

The GWPCSC website is at www.gwpsocal.com . The web site has undergone extensive rebuilding, additions and improvements since I took it over. There is a vastly new dropdown menu bar with numerous options. Some of those options include a full page on the 2006 National information, a calendar, revamped events pages, extensive photo galleries, and more. You can even join or renew your membership on line. There is even place to donate money to the Rescue Fund (rescue page) or for the Show trophies (Show Events).

The site has grown to over 300 files. Changes are always taking place. You can check to first page which has a "Last Updated" date to find if anything has changed since you were last there. Take a look at the Rescue page to find that we have Charlie still needing a home, The Nationals page to find the latest information on what we are doing for Nationals 2006 (remember were hosting). The Contact Page gives you information on how to use our communication system or contact key persons. Meet the new Board of Directors on the About Us page.

This is your web site, a place where communication and information reside. Please let me hear from you with any comments or suggestions. .

I can be reached at: webmgr@gwpsocal.com
